## LITTLE CHANGE IN SWITCHMEN'S STRIKE

**Situation in West Grows Better as Conditions in East Grow Worse—Figures on Men Walking Out Not Available—No Negotiations Will be Entered Into by Railroads With Outlaw Organization, Officials Say**

CHICAGO, April 12.—While the unauthorized strike of railroad employees which started in Chicago two weeks ago when 700 switchmen walked out on the Chicago, Milwaukee & St. Paul railroad today appeared gradually to be waning in the middle-west and the far west, the situation in the territory east of Cleveland took on a more serious aspect. The center of development in the walkout of insurgents had definitely shifted to the east, where additions and the ranks of the rebel railroad workers had increased to a serious stoppage of freight and passenger traffic and the closing of several industries dependent on the railroads for supplies.

The situation in the Chicago yards showed a marked improvement and reports from large railroad centers in the middle-west indicated that the crisis of the strike was past and that strikers were returning to work in considerable numbers. Officials of railroad brotherhoods who have been fighting the strike since its inception were confident that the break in the Chicago territory would be followed by a general assumption of work in other areas.

A pronouncement of the government's course of action in the strike was expected to be made at Washington tomorrow by Attorney General Palmer. Investigators of the department of justice were completing an inquiry into all angles of the situation, Mr. Palmer said.

More freight moved into Chicago yards today than on any day since the strike started last week. At the stock yards 229 cars of livestock were received and more than 9,000 employees who had been forced out of work by the strike returned to duty. About 25,000 stock yards workers were still idle. The Illinois Central, the Chicago, Milwaukee & St. Paul, the New York Central and other roads reported that cars again were moving in the switching yards and that embargoes had been partly lifted. Officials of these roads said they had enough men at work in the yards to take care of all cars coming into Chicago.

The General Managers' association today denied that any negotiations were being carried out with outlaw yardmen's association and stated that no parley would be entered into in any circumstance.

In requesting negotiation looking toward the end of the strike, President Grunau of the Yardmen's association said contracts the railroads have with the Brotherhood of Railroad Trainmen and the Switchmen's union of North America did not apply to membership in his union. Grunau denied that the switchmen's strike was illegal.

The brotherhood chiefs who accuse us should come with clean hands," he said. "The brotherhood of railroad trainmen took a strike vote in secret two weeks ago. Ballots were cast at 140 points and authorized brotherhood officers to call a strike if their demands for increased pay and better working conditions were not granted. If our strike, clearly called in the open, is illegal, what do they call tactics like that?"

J. A. Farquharson, an officer of the Brotherhood of Railroad Trainmen said Grunau's charge was "a fabrication out of whole cloth."

A. F. Whitney, vice-president of the Brotherhood of Trainmen, who has been leading the union's campaign in Chicago against the insurgents said today that the crux of the strike had come and that the rebel movement was steadily weakening.

R. D. Murphy, a strike leader issued a statement in which he declared the original demands "stand as first presented" and that wage increases "must go in effect upon the return of the men to work."

"Chicago managers must come to us," he said, "and all negotiations must be in the open. We do not expect any intervention on the part of the government."

Following the first break in the strike at Columbus, where 600 switchmen on Sunday voted to return to work, strikers in a number of other cities today returned to duty or decided to go back tomorrow.

At Dayton, Ohio, 300 switchmen voted to end the strike tomorrow while at Syracuse switchmen on the New York Central and the Delaware, Lackawanna & Western railroads decided to return tomorrow.

At Saginaw, Mich., 100 railroad workers were back on duty and 600 employees of the Grand Trunk railroad returned at Batavia, N. Y.

The striking ranks were augmented by walkouts at Bay City, Michigan, Cheyenne, Wyo., and several places in the east.

Passenger service was reported virtually normal at St. Louis and the strike was said to be on the wane. While freight traffic was still at a standstill the city had enough food supplies on hand to last several weeks.

At Pittsburg, an embargo was placed on freight shipments originating on the Pennsylvania Lines and on all roads connecting with the Pennsylvania system. With no settlement of the strike in sight at Detroit the Detroit Edison company shut off electrical energy to factories late today. About half the city's manufacturing establishments would be affected the Michigan Manufacturers' association announced. One thousand railroad employees at Pittsburg today joined the 4,000 strikers already out, and 500 shopmen struck at New Castle. Strike conditions at Philadelphia were reported worse and Indianapolis the strikers' ranks were unbroken.

The following statement was issued tonight by the railroads entering Chicago:

"The strike situation in Chicago continued to improve today. Increases were reported in the number of switching crews working and in the tonnage of livestock, coal and other commodities moved both in and out of the Chicago switching districts."

"Passenger and suburban train service to and from Chicago continued. Information has been received that men have returned at Los Angeles, Calif., and Fort Worth, Texas."

"Reports that representatives of the Chicago Yardmen's association were to meet with representatives of the Railroads involved are incorrect. No negotiations can be carried on between the railroads involved in this strike and representatives of the strikers."

"Striking switchmen and yardmen in Chicago are planning to go back to work as soon as they can arrange to go in a body. A. F. Whitney, vice president of the Brotherhood of Railroad Trainmen tonight."

Mr. Whitney said committees of strikers from the Illinois Central, the Northwestern, the Chicago, Burlington & Quincy and the Chicago, Milwaukee & St. Paul railroads consulted with him today.

"These committees reported to me that almost every man they talked with, when they spoke to him individually, agreed to return to work," Mr. Whitney said.

Many Quit at Columbus  
Columbus, O., April 12.—Officials of both the big four and Pennsylvania railroads here announced tonight coach crews at engineering stations had walked out and that mainline switch tenders were leaving their posts. Officials also said passenger train service thru and out of Columbus would be delayed but that "some sort of service would be maintained."

MUNITIONS EXPLOSION INJURES TWO HUNDRED  
LONDON, April 12.—Two hundred persons injured in the explosion of a munitions dump at Rotenburg, near Koenigsberg, East Prussia, yesterday, have been rescued, according to a Berlin dispatch to the Daily Mail. Explosions are continuing and rescuers are able to approach the scene only in armored cars.

Fuses were being removed from big calibre shells at the dump when one was ignited in some way and three tremendous explosions followed wrecking over a wide area.

CHARGES RESERVE SYSTEM FOR H. C. L.  
WASHINGTON, April 12.—Charging that seventy five per cent of the high cost of living was due to the "financing of speculation and hoarders by the federal reserve system," Representative King of Illinois, a Republican member of the banking and currency committee, today urged the house rules committee to report formally his resolution directing an investigation into the administration of the federal reserve act. The committee will consider the resolution Thursday.

DIES FROM INJURIES IN FALL FROM PLANE  
Camden, N. J., April 12.—Lieut. Richard W. Wright, of Cleveland, died today of injuries received in his leap on Saturday from a blazing postal airplane 200 feet in the air. His wife reached his bedside three hours before his death. Lieut. Wright was pilot of the plane who did not jump, left the hospital today.

PRISONERS ESCAPE  
Joliet, Ill., April 12.—Joe Starcher, 31 years old, one to five years, and Joe Kelly, 33 years old, negro, one to ten years, both from Cook county, escaped from the new prison stockade last night.

DISPOSE OF GERMAN VESSELS  
Washington, April 12.—All German cargo vessels taken over by the government during the war have been disposed of to private interests, the weekly sales report of the shipping board, made public today shows.

During the week ending April 10, the board sold 28 vessels for \$21,751,065. Included among these ships were eleven of the former German merchant ships.

TAFT'S NAME MUST STAY ON BALLOT  
Salem, Ore., April 12.—William Howard Taft in a telegram received today by the secretary of state of Oregon, requested that his name be not allowed to go on the Republican primary ballot in Oregon as a candidate for president. It was said at the state house if petitions are filed for Mr. Taft they cannot be withdrawn—a supreme court ruling.

## GOVERNMENT SYSTEM OF BUILDING ARMY CAMPS IS DENOUNCED

**Severe Attack Made by G. O. P. Leaders—Democrats Uphold Administration**

WASHINGTON, April 12.—After Republican leaders had denounced and Democrats had upheld the government system of building army camps in the rush days of war, the house made ready today for a fight tomorrow on two proposals for dealing with persons alleged to have reaped rich profits out of alleged extravagance and waste.

The principal speeches were made by Representatives McCullough, Republican of Ohio, and Representative Doremus, Democrat of Michigan.

Like the opposing reports the speeches were far apart. Representative McCullough declaring the cry "we won the war" had been made to cover a multitude of sins, while Representative Doremus asserted that "if the enormous architect of the universe had built those camps, the blessed managers would have found fault with the job."

"The report of the majority contains facts and evidences," Mr. McCullough declared and the record of the testimony taken in connection with the construction of Camp Sherman at Chillicothe, Ohio, and Camp Grant, Rockford, Ill., contains evidence on which the department of justice could immediately predicate grand jury investigations.

No attention was paid to save public money, Mr. McCullough said.

Representative Doremus said that the stress of war justified "abandoning peace time methods of construction."

"Indeed," he declared, "if Secretary Baker had attempted to build the camps by the competitive system he would have been guilty of the grossest incompetence and merited removal from office."

After nine months of investigation with access to all records he said the majority of the committee was "unwilling to make specific recommendation to the attorney general or a specific allegation of fraud against any person, firm or corporation."

"Now they propose," he continued, "to pass the investigation on to the attorney general. The resolution is a confession of failure and the country will so regard it."

## INVESTIGATION OF HARTS CONTINUES

Washington, April 12.—Continuing his defense of his administration of the Paris district, Brigadier General Harts told a house investigating committee today that charges of cruelty at the military prisons might and have been exaggerated by men "endeavoring to exculpate themselves."

Prisons were never satisfied and always distorted the truth, he said.

"Questioned by Chairman Johnson of South Dakota, concerning the reported sale of rights in the Paris subway, from Frenchmen by a sergeant Bender, General Harts said he personally investigated the Bender case."

"Thirty cases of desertions in face of the enemy occurred in the 27th (New York) National Guard division, the general said in explanation of the 'overalls' movement throughout the south where skulkers who didn't want to remain with their divisions at the front."

## "OVERALLS" MOVEMENT SPREADING THRU SOUTH

BIRMINGHAM, Ala., April 12.—Birmingham newspaper publishers have flatly denied the request of a committee of retail clothiers that news of the "overalls" movement throughout the south be suppressed on the ground that it was damaging the retail clothing trade.

The publishers informed the clothiers committee that their papers would continue to report the overall movement which they considered legitimate news.

"The Tampa idea" of wearing overalls as a means of fighting the high cost of clothing, which originated in the city bearing its name, has spread to many cities throughout the south where business and professional men as well as other workers are going about in blue denim. It was reported here Saturday that when the demand for overalls began, some retailers had raised the prices from two dollars to six dollars a pair.

Mass meetings and public demonstrations are being held in connection with the movement in many places throughout the south.

DISPOSE OF GERMAN VESSELS  
Washington, April 12.—All German cargo vessels taken over by the government during the war have been disposed of to private interests, the weekly sales report of the shipping board, made public today shows.

During the week ending April 10, the board sold 28 vessels for \$21,751,065. Included among these ships were eleven of the former German merchant ships.

PRISONERS ESCAPE  
Joliet, Ill., April 12.—Joe Starcher, 31 years old, one to five years, and Joe Kelly, 33 years old, negro, one to ten years, both from Cook county, escaped from the new prison stockade last night.

TAFT'S NAME MUST STAY ON BALLOT  
Salem, Ore., April 12.—William Howard Taft in a telegram received today by the secretary of state of Oregon, requested that his name be not allowed to go on the Republican primary ballot in Oregon as a candidate for president. It was said at the state house if petitions are filed for Mr. Taft they cannot be withdrawn—a supreme court ruling.

## WILSON WILL NOT SPEND SUMMER AT WOOD'S HOLE

**Accommodations Not Available for His Large Staff**

**MANY PLACES ARE OFFERED**

WASHINGTON, April 12.—(By The Associated Press)—President Wilson will not establish the summer white house at Wood's Hole, Mass., as had been expected, but probably will select some other place where more accommodations are available for the large staff of secretaries and attaches.

It became known today that the announcement that the president had selected the estate of Charles R. Crane, minister to China, for his summer home, was premature.

The president had accepted Mr. Crane's offer of a lease on the property, but when the white house advance agents inspected the ground, it is said, they came to the conclusion that the estate was not large enough and that the accommodations in the village were insufficient for the executive force which would have to be moved to Woods Hole for the summer.

It also developed that the Crane mansion is close to a railway track where many trains pass day and night; that there are several automatic fog signals in the waters of Long Island Sound close to shore and that the layout of the Crane grounds in relation to the public streets and sidewalks of Woods Hole were such that the secret service men advanced what they termed "regular obstacles" to their regular train.

When these considerations were laid before the president it was said today he reluctantly abandoned his plan to go to Woods Hole and was regretful that Mr. Crane's offer had been accepted before all the physical considerations which his aides feel are important, were investigated.

It has now been decided where the president will go in view of the changed plan but several others are before him.

REPORT 13 STATES BREAK WITH CARRANZA  
AGUA PRIETA, Sonora, Mexico, April 12.—General J. M. Pina, commanding the first Mexican army of the "republic of Sonora" with headquarters in this city stated today that he had received semi-official advice from Hermosillo, the state capital, to the effect that thirteen states of the Mexican union had followed the state of Sonora in severing relations with the Carranza government. While the report is lacking in detail as to the names of the seceding states, General Pina declared he vouched for its authority. The message came in the form of a telegram and is signed by a member of General Calles' staff and dated at General military headquarters, Pina said.

A proclamation has made its appearance on the streets here calling the citizens to arms against the Carranza government. The proclamation is signed by the president of the municipal council of this city and "issued by order of General P. Elias Calles, commander-in-chief of all forces of the 'republic of Sonora.'"

## VOLUNTARY TRAINING PROVISION REMAINS IN NEW ARMY BILL

**Democrats' Move to Strike Out Clause Defeated in Senate 37 to 9**

WASHINGTON, April 12.—The senate refused today to strike out the provision for voluntary training for the military committees plan for obligatory training. The motion of Senator McKellar, Democrat, Tennessee to strike out was defeated 37 to 9. The action of the senate was expected to result in carrying the voluntary training provision to conference for adjustment by senate and house managers.

Only youths between 18 and 21 years of age would be accepted for the voluntary training under an amendment suggested today by Chairman Wadsworth and written into the bill. The previous age limits were from 18 to 28 years.

Twenty-five Republicans were joined by twelve Democrats in opposing the voluntary training plan in the bill.

In the house the military committee completed and will report tomorrow the regular army appropriation bill carrying \$337,246,944, a decrease of \$95,553,076 from the war department's estimates.

Rigid economy is necessary in face of a deficit of several billion dollars, Chairman Kahn said in the minority report.

Committee figures are based on an army of 175,000 enlisted men and 16,000 officers, as against a total strength of 576,000 proposed by the department.

## REPORT CALM IN THE RUHR BASIN

Paris, April 12.—Complete calm reigns thruout the Ruhr Basin, according to a special report of the Havas Agency who has just completed a trip thru the district.

The Independent Socialist Deputy Brass the correspondent says gave him documents showing the complexity of General von Watter, head of the Reichswehr forces, in the recent Kapp coup. General von Watter according to the documents was to have participated in the coup but the general strike of workmen prevented him from reaching Berlin.

TAFT'S NAME MUST STAY ON BALLOT  
Salem, Ore., April 12.—William Howard Taft in a telegram received today by the secretary of state of Oregon, requested that his name be not allowed to go on the Republican primary ballot in Oregon as a candidate for president. It was said at the state house if petitions are filed for Mr. Taft they cannot be withdrawn—a supreme court ruling.

## Condensed Telegraphic News

LOS ANGELES, Calif., April 12.—Richard Hurst, alleged bigamist was guarded in hospital here today recovering from an inflicting blow himself Saturday and yesterday. Officers said they had identified seventeen wives of whom five were said to be missing.

WASHINGTON, April 12.—The national guard during March made a net gain of 3,279 in enlistments according to an official announcement today. With a total authorized strength of 179,000 the guard now numbers 42,600 or about 24 per cent of the maximum permitted strength.

GALVESTON, Texas, April 12.—One person was killed, twenty five injured and approximately thirty homes were demolished by a tornado that struck the little town of Melrose, Texas, last night according to a dispatch to the Galveston News tonight.

LONDON, April 12.—Dowager Viscountess Wolsley, widow of Viscount Wolsley, the famous field marshal and former commander in chief of the British army, died here today.

PITTSBURGH, Pa., April 12.—Ninety per cent of the coal mines of Kansas are idle today. The miners refrained from work as a demonstration of protest against the imprisonment of Alexander Howat, their president and three district union officials. This announcement was made at the office of the mine operators.

DES MOINES, Iowa, April 12.—Earl Caddock won a finish wrestling match from Wladek Zbyszko here tonight in two straight falls.

## MANCHESTER SCHOOL PRINCIPAL ATTACKED

Claude Griffith Now Patient at a Local Hospital—High School Student Charged With Assault

Claude Griffith, principal of the Manchester high school, is at Maplecrest sanatorium in a serious condition. Mr. Griffith was injured Sunday night about 10 o'clock on his way home from the Presbyterian church in Manchester. Rayfield Stone, a pupil of the high school, was arrested Monday charged with the assault.

A preliminary hearing was held under \$5,000 bond. The injured man was brought to this city by Dr. Lucas of Manchester Monday morning. It is understood that the assault was the result of some school happening. Stone is a member of the senior class and is said to have held a grudge against the principal. Mr. Griffith has been head of the Manchester schools for nearly two years and is held in high regard here.

## MICHIGAN CITY MAY BE WITHOUT GAS

Jackson, Mich., April 12.—Unless shipments of gas coal enroute can be delivered at the Michigan Light company's Bay City Gas plant by Tuesday night, the people of Bay City will be without gas service Thursday. Officials of the gas company since the tie up of transportation facilities were due to the switchmen's strike have been making frantic efforts to arrange for sufficient coal deliveries to continue service, but without avail. Approximately three weeks supply of gas coal has been in transit for several days. Some of this coal is temporarily stored in the confusion of freight cars between the Pennsylvania mines and Bay City, and that which can be traced at all is tied up in various terminals.

## DENIES INJECTION OF RELIGIOUS ISSUE

Chicago, April 12.—Governor Frank O. Lowden issued a statement today denying that he or any of his campaign workers had "attempted to inject a religious issue into the campaign."

A story circulated through Illinois that General Leonard Wood was a trustee of Georgetown university, a Catholic institution at Washington, was alleged to have been started by friends of Governor Lowden, according to a statement issued yesterday at Wood headquarters.

"I have never in all my life raised a religious issue in politics," the governor said today. "If any one representing me should even remotely try to arouse religious prejudices in this campaign, he would promptly be separated from the campaign."

## MANY IMMIGRANTS AWAIT FREEDOM

New York, April 12.—Ellis Island and steamship piers were congested with immigrants today as a result of the railroad strike. Inability of railroads to carry immigrants inland after they had been admitted to the country forced the authorities to keep them on the island, and prevented the transfer of 300 aliens from piers of the island.

Aliens at the island today numbered 2200 of whom 650 had been admitted to the country. These with aliens away examining or deporting proceedings took up all the room.

Coast guards were called out to maintain order at the entrance to the Ellis Island ferry so great was the crush of friends seeking news of immigrants.

## BEGIN WORK ON FUND FOR ILLINOIS COLLEGE

Total	\$3987.50

Monday was not a favorable day for the Illinois College campaign from a weather standpoint but nevertheless the various teams were well represented at the noonday luncheon held at the Y. M. C. A., and an excellent start was made on the week's work.

The total of subscriptions received in the city up to Monday noon was \$3987.50 with \$50 from the county. There have been previous subscriptions in the city made by members of the board of trustees or other close friends of the college totaling \$15,120. There had also been \$225 previously contributed in the county outside of Jacksonville. These figures made a total for the county up to noon Monday of \$19,332.50.

Dr. C. H. Rammekamp is the general chairman and will preside at the luncheon hour each day. Women of State Street church are doing the serving and the menu Monday was excellent, as it no doubt will be during the remainder of the week. The invocation was by Rev. E. L. Fletcher. After luncheon Dr. Rammekamp made a number of announcements and with the question and answer method various matters relative to the campaign were ironed out.

## Names of Contributors.

The following is the list of the alumni and friends of Illinois college who have subscribed a total of \$19,332.50.

Dr. C. E. Black, Mrs. Evelyn F. Brown, Harry M. Capps, Mrs. Mary Turner Carriel, Miss Mabelle Conboy, Mrs. Anna F. Crabtree, Mr. and Mrs. Ralph L. Dunlap, Mrs. Cornelia S. Elliott, W. G. ## Campaign Notes.

The Wednesday Class recently passed resolutions heartily endorsing the Illinois College campaign.

After the Union Service at Grace church Sunday morning a traveling man, who happened to be spending Sunday in Jacksonville and who attended the service, came to President Rammekamp and gave him a cash donation. The traveling man stated that he was very much impressed with the service and wanted to add a little sum to the subscription.

Yesterday at the luncheon hour Dr. Rammekamp told of a friend of the College who sent him a little box with three gold pieces—a twenty dollar gold piece and two ten dollar gold pieces. Like the Liberty Bonds presented by the State Street Ladies' Aid and Sorosis, these gold pieces represented the savings of this friend and are very much appreciated by the College.

## G. O. P. PEACE PLANS SENT TO SENATE

WASHINGTON, April 12.—The Republican joint peace resolution adopted last week by the house is to be taken up tomorrow by the senate foreign relations committee. Chairman Lodge issued the call today but because of the absence of the majority of the senate today the resolution was postponed until next week.

WASHINGTON, April 12.—General Chrenner, inspector general of artillery of the French navy and six other ordinance officers will arrive here May 3 to make a three weeks tour of army and navy ordinance plants.

## START TRIP AROUND WORLD

Beloit, Wis., April 12.—E. L. Lawver of Beloit and Philip Bardell, of Freeport, both students of Beloit College packed on their tooth brushes and donned old suits today preparatory to their "vararob" trip around the world. The students plan to work their way going first to England. They will carry credentials from the college showing their journeys are for educational purposes. They expect to be gone at least fifteen months.

## FRENCH WILL TOUR U. S. PLANTS

Washington, April 12.—General Chrenner, inspector general of artillery of the French navy and six other ordinance officers will arrive here May 3 to make a three weeks tour of army and navy ordinance plants.

## PRESIDENTIAL PRIMARY WILL BE HELD TODAY

**Gov. Lowden and Gen. Wood Will Contest in Illinois**

**NO CONTEST FOR DEMOCRATS**

CHICAGO, April 12.—Illinois will hold its first presidential primary tomorrow with presidential candidates on the Republican ballot only.

Governor Frank O. Lowden and Major General Leonard Wood are contesting for the state's preferential vote. Names of other candidates may be written in on the ballots.

A complete slate of Lowden delegates is in the field, while there are no Wood delegates. On the Democratic side delegates will be elected, but as no candidate has filed for the state preferential vote, the delegates chosen will be unopposed.

The weather department forecasts fair weather for tomorrow with continued cold.

There are four contests outside of Cook County in the Tenth, Fifteenth, Sixteenth and Twenty Second districts and three in Cook county.

Governor Lowden's campaign managers claimed today that the governor would carry the state, piling up a lead down state that will overcome anything the Wood forces may do in Cook county.

Nathan Mac Chesney, General Wood's Illinois manager today denied published statements that Wood had "conceded" the state to Lowden, and declared that the "vote will astound the political leaders of the state."

Women in all but a half dozen counties will be permitted to vote, unofficially. Their ballots will be counted separately, so that they may be thrown out later if their participation is held to be illegal.

## Lowden Closes in Chicago

Chicago, April 12.—The question of the high cost of living will not be solved until taxes are reduced, Governor Frank O. Lowden of Illinois, candidate for the Republican presidential nomination said today in an address at the Hamilton club on the eve of the Illinois presidential primary.

"There is no genius, no statesman anywhere who can devise any system of taxation by which one body and one body alone pays those taxes," Governor Lowden said. "They diffuse themselves thru all classes of the community."

"The high cost of living relates itself to all the questions of unrest which so much vex us in these troublous times. We talk much about readjustment and reconstruction. There is but one place to begin readjustment and reconstruction and that is in Washington."

"Let us get back to sanity, to economy, let us get away from this orgy of spending in which we have indulged so long. The influence of a sane, economic, well ordered, efficient, responsible government at Washington will reach into the humblest corner of this land and bring about sane and rational conditions again."

We'll take it all back about the progress of work on the Vanderbilt road. The dreary rain of Sunday and Monday speedily put an end to the improvement work.

A college must be a business asset to a community or Springfield would not have offered more than \$500,000 if the authorities of Wesleyan would move that institution from Bloomington to the capital city. Yes, Jacksonville deals extensively in the business of education and that with profit to all citizens and to the "educated."

Recently when the secretary of the treasury made much ado about reducing the floating indebtedness of the government by \$700,000, the Republican house leaders predicted a new offering of treasury certificates and at a higher price than ever before.

The prediction has speedily come true. The certificates will be issued at the highest rate the government has ever paid. So much for the heralded economy.

Secretary of State Colby, it is said, is ready to follow very closely in the Wilson groove as to his Mexican policy. Recently when a military attaché of the U. S. embassy at Mexico City was attacked and an American citizen had been murdered at Tampico, the secretary has called for the printed forms, filled them in and sent them to the Mexican capital. So the report that 14 more states have rebelled against the Carranza regime will probably be treated as a matter of very little concern to the U. S.

Twelve farm agents representing counties in central Illinois are in conference at Springfield. Such conferences have always attracted a certain amount of attention. Now that attention is a very extensive matter, for these agents represent a larger constituency than ever before. Here in Morgan county more than 1,000 farmers are in the organization and in other counties the membership percentage runs even higher. It is easy to understand what such an organization in twelve central Illinois counties mean.

Judging from the newspaper reports, the switchmen's strike is spreading, and is about to end. You can take our choice as to which report you believe. Meanwhile it is certain that freight shipments are being seriously delayed. To the credit of the switch-

men it can be said that there has been no violence and no destruction of property. It seems not unlikely that the government will take a hand in the situation at an early time and that is what the railroad workers want, for they claim they can no longer rely upon their leaders.

## MUST TAX IMPORTS

When the Republicans undertake a general revision of the tariff after the change of administration next March, they will have to combat a foreign influence for low duties such as has never been encountered before. Every country in Europe is looking with envious eyes to American markets in which to rehabilitate themselves commercially.

Under the present rates import figures are growing by leaps and bounds, and in spite of the low duties now collected, customs receipts at the port of New York for March exceeded all previous monthly records. American industry will suffer irreparable injury unless a tariff law is placed on the statute books that will equalize the difference between American and foreign costs of production.

## BUSINESS MEN VITALLY CONCERNED

The city council, it developed at the Monday night meeting, has three lots in prospect to furnish additional parking space. It remains to work out some satisfactory plan for placing these lots at the disposal of motorists and for giving the necessary police protection. This is a problem for business men as well as the members of the council. The new traffic ordinance lessens the parking space available in the business district. The measure is necessary for the protection of the public, but this curtailment means that other parking space must be provided.

Business men are vitally interested particularly because visitors to the city must be afforded parking conveniences, otherwise they are likely to form the habit of driving to other cities to do their buying.

## VOTE FOR LOWDEN TODAY

There is Lowden sentiment, all right, in Morgan county in both the city and country precincts. The only fear that the governor and the managers of his campaign need to have today is that of apathy or failure to understand the real issues. The delegates to the convention from this district have announced their preference for the governor and there is a chance that some voters may for this reason think it is unnecessary to go to the polls. But the moral effect of a heavy vote for Lowden in his home state will be great and that is what the leaders are concerned about.

The names of Lowden and Wood as presidential candidates will appear upon the ballots throughout the state today and failure on the part of the people to indicate their preference for the Illinois governor would be a great blow to his candidacy.

## Born That Way.

Some folks are born with spirits sour, their nature is to whine; the planets, at their natal hour, were badly out of line. They came complaining to the earth, and squawk through all their days, and they can see no sense in mirth, they frown on joyous joys. They choose the grimmest sort of creed that's filled with threats of pain; for there is naught will fit their need, that's pleasant, kind or sane. They are the sad and gloomy freaks who groan with every breath, who see the bloom on maiden cheeks and talk of worms and death. In vain the optimist may try to cheer up gentle like these; they'll answer with a dismal sigh his gladdest, brightest wheeze. They'll say his logic, blithe and brave, is merely sounding brass; they'll drool a while about the grave, and claim all flesh is grass. They make me weary and distraught when I with them commune; by them December chill is brought into the midst of June. And oh, I pity such poor guys, who lean not gaily laugh, who wipe the briny from their eyes, and quote an epitaph.

## ILLINOIS HAS GREAT VOTING CHANCE TODAY

Congressman Smith Declares Republicans by Voting for Lowden in Primaries Will Aid in Naming Next President.

Washington, D. C., April 12, (Special to Journal).—If the Republicans of the State of Illinois will go to the polls tomorrow and vote for Governor Frank O. Lowden in the presidential primaries I believe that they will be instrumental in naming the next president of the United States. Governor Lowden long ago departed from the "favorite son" class of presidential candidates. His strength and popularity is everywhere increasing in a manner which clearly indicates that he will be nominated if the people of Illinois convince the country that he has their enthusiastic support. The entire country is now familiar with Governor Lowden's great record as administrator of the affairs of the 11,000,000 people of Illinois. They are looking to the voters of Illinois to tell them tomorrow whether this story is true. If it is true, that is the type of man they want in the white house. Illinois has already given the country a president, let us do it again for the everlasting prestige of the state.

FRANK L. SMITH,  
Republican State Chairman.

—How often is this the case! A man buys a suit, with one pair of trousers and fails to get the full wear value. The trousers receive the hardest wear and are unfit for use long before you feel like throwing aside the coat and vest. Just look in your closets and see if there are not coats and vests with lots of good wear left, if there only was a pair of trousers to match.

—Have your clothes made to order. It will cost you no more, quality for quality, than the ready-made. And get an extra pair of trousers. Get the full wear-value of your clothes.

—Now, we have just received some small bolts of new spring woollens, latest patterns, that enable us to make up a suit with extra trousers, to your advantage.

—You are going to get a new suit this spring and we can't urge you too strongly to call in and see these woollens and find out what we are able to do for you. Don't delay too long.

## AFTER FIVE YEARS

Jacksonville Testimony Remains Unshaken

Time is the best test of truth. Here is a Jacksonville story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Fred I. Gibson, 399 Woodland Place, Jacksonville, says: "I suffered from kidney trouble and backache. After stooping I had trouble to straighten up. My kidneys were inactive, too. I bought Doan's Kidney Pills and they gave me complete relief."

No Trouble Since

Over five years later Mr. Gibson said: "I still continue to recommend Doan's Kidney Pills just as strongly as when I gave my former recommendation. They have brought me a lasting cure. Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gibson had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.—Adv."

One dose will convince or money refunded. For sale by all druggists.—Adv."

## NEURALGIC PAINS

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection or other serious results from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills. 30 cents. Guaranteed.—Adv."

## EASTER PROGRAMS AT LITERBERRY CHURCHES

Sunday Schools of Baptist and Christian Churches Carry Out Postponed Programs — Other Literberry News.

Literberry, April 12—An Easter program was given at the Baptist church Sunday morning. The unfavorable weather on Easter day made postponement advisable, and the entertainment was given Sunday. Decorations of Easter lilies and other flowers added much to the attractiveness of the church. The program follows:

Recitation—Aileen Young.  
Dialogue—Billy Gans Underbrink, Earl Lee Daniels, Alden Reznor, Eula Roach, Aileen Young, Freida May Daniels.  
Song—Earl Lee Daniels.  
Recitation—Dorothy Roach.  
Recitation—May Hixon.  
Recitation—Eleanor Guy.  
Song—Anna Dinwiddie.  
Recitation—Bertha Olroyd.  
Exercises—Mildred Underbrink, Claudine Ratliff, Eleanor Guy and Ada Scribner.  
Dialogue, "The Little Helpers"—Claudine Ratliff, Billy Dunlap, Mildred Underbrink, Landis Young, Ada Scribner, James Robert Beavers.  
Duet—Mrs. John Guy, Mrs. John Daniels.

Christian Church Program.  
The Easter day program at the Christian church was postponed a week and was carried out Sunday morning. The church was prettily decorated for the day, ferns and Easter lilies being used in profusion. The order of exercises follows:

Recitation, "A Child's Prayer"—Emma Belle Petefish.  
Recitation, "He is Risen"—George Walter Martin.  
Recitation—May McFarland.  
Recitation, "Easter Day"—Louis Loving.  
Duet—May Hixon and Helen Young.  
Reading—Ola Anderson.  
Address—Albert Crum (for Class No. 8).  
Scripture Reading—Mothers' Class.

A pleasing part of the program was the presentation of the Easter baskets to the younger children of the primary department. These little girls were contributed by the small boys' class.

Miss Bertha Roach entertained a number of friends at dinner Sunday at the home of her parents, Mr. and Mrs. James Roach. The occasion was a most pleasant one for all concerned. The guest list included Misses Helen Young, Eula Lindsay, May Hixon, Evalie Hall and Ruth Jumper.

Mr. and Mrs. Andrew Lewis of Virginia spent Sunday with Mr. and Mrs. W. H. Brown in Literberry.

Mrs. Hattie Hanning of Jacksonville was a Sunday guest at the home of Mrs. Mary Beavers.

Margaret and Dean Chapman spent Sunday at the home of Mr. and Mrs. Joseph Chapman in Jacksonville.

Mr. and Mrs. Thomas Pierce spent Sunday at the home of Mr. and Mrs. Abe Litter in Virginia.

## AMERICA DAY TO BE OBSERVED HERE

Attorney General Edmund J. Brundage to Make Principal Address at Opera House Meeting.

Mention was recently made that America day, Sunday, May 2, would be observed in this city. In response to a request from the National Security League Mayor Crabtree appointed a committee of citizens to arrange for this observance.

The committee has secured the Grand Opera house and Attorney Gen. E. J. Brundage will be the speaker. An impressive program is in the making and the committee believes that America day will have an observance here that will make it memorable.

The Helen Rawlings Chapter of the World Wide Guild met last evening at the home of Miss Helen Shreve on South Main street.

Miss Elizabeth Long led the discussion, "The Progress of the Immigrant." Miss Marie Meyer, and Miss Louise Guyette also took part on the program.

**Congregational Teachers Held Conference.**

The teachers of the Congregational Sunday school met last evening at the church for a supper and conference. The supper was prepared and served by Miss S. M. Fairbank, Mrs. Coe and Mrs. Collins.

Following the supper Miss Hills of the Woman's College led the discussion on "Religious Education." Miss Virginia Spink and Vinton Wood, reported for the delegates who had attended the Young Peoples meeting which were recently held in Springfield.

**Monthly Meeting Opportunity Class.**

The Opportunity Class of the Grace church Sunday school held their regular monthly meeting in the church parlors last evening. Routine business was disposed of and this was followed by a social time.

The hostesses of the evening were Mrs. Fred Eyre and Miss Ida Lee. They served delightful refreshments during the evening.

**Give Week End Party.**

Mrs. Robin Strawn gave house party, week end. One present Mr. and Mrs. Strawn, Mr. and Mrs. Henry Foster, Enid Dubbs of Prentice, Marie Haggart of Ashtland, Emma Wood, Lulu Bell Hildreth, Crum Cleary, Charles Curtis, Sherman Coultas, Major Maupin, Frank Epler of California and Jake Strawn.

The time was spent in dancing.

**Swain Twins Have Birthday Party.**

Harold and Horace Swain of the Sinclair neighborhood entertained a number of friends at a birthday dinner Sunday, April 11. Mrs. Coy Swain, mother of the boys prepared and served the meal. The large pink and white birthday cake bearing twenty three candles was surrounded by a supply of everything good to eat.

The guests spent the afternoon at the Swain home and departed in the late afternoon wishing the twins many more happy birthdays.

**Junior-Senior Banquet, I. W. C.**

The Junior class of the Woman's College entertained the Seniors Saturday evening at the Colonial Inn.

The Senior colors, yellow and white, were used for the decorations. Several readings and musical selections composed the program which followed the banquet. Misses Cora Cherry, Mildred Keys, Isabel Woodman, Bernice Holmback, Mary Bishop and Veriel Black had charge of the banquet.

**W. C. T. U. Meeting at Salvation Army Barracks.**

The W. C. T. U. of Jacksonville held a meeting at the Barracks of the Salvation Army yesterday afternoon, owing to the weather there was a small attendance.

The devotional service was led by Ensign Mrs. Sherwood and the visiting member Mrs. Cook, who has been a president of the local union at Mendota for eight years, made a talk.

The Union passed a resolution of sympathy for Mrs. James Rice, one of the members, whose house was destroyed by fire recently.

Each member is requested to bring a worn garment to the meetings hereafter for the Salvation Army.

**CHAMINADE MUSIC CLUB**

The Chaminade Musical club met Monday afternoon at the home of Miss Jean Paterson on West North street. There was a good attendance of members. ## Matrimonial

**Caldwell-Saffer.** Nestor C. Caldwell and Miss Irene Saffer, both of Concord, were united in marriage at 4 o'clock Sunday afternoon by the Rev. Myron L. Pontius at Central Christian church parsonage. They were accompanied by Eugene Yeck and Miss Alma Yeck, both of Concord.

The bride is the daughter of Mr. and Mrs. Irwin Saffer of Concord and is a young woman highly regarded in her home community.

The groom is the son of Samuel Caldwell of Concord. He spent nine months overseas with the American forces. He is a farmer by occupation and commands the respect of all who know him.

Mr. and Mrs. Caldwell will reside on a farm near White Hall and will have the best wishes of a large circle of friends.

**Caldwell-Saffer.** Miss Irene Saffer and Clark Caldwell were married Sunday afternoon by Reverend Pontius at his parsonage on West College avenue.

The bride's parents died when she was two years old and she was cared for by Mr. and Mrs. Orie Valentine near Concord. She is the granddaughter of Mr. and Mrs. W. L. Saffer of Alexander. The groom has made his home at Concord and is the grandson of James Hamilton of this city.

They will make their home on a farm one and one-half miles north of Concord and carry with them the best wishes of many friends.

## Deaths

**Rigg.** Rev. M. M. Rigg, pastor of the Methodist church at Virginia, died yesterday at 1:15 p. m.

Sunday Rev. Mr. Rigg preached at both morning and evening services and his death came suddenly for he had apparently recovered from an attack of influenza from which he had suffered during the winter.

No funeral arrangements have yet been made.

**Abell.**

Harley Thomas Abell died at the family home 503 South Fayette street at 8:45 o'clock Sunday evening. He had been ill for many months and death came as a relief from his suffering.

Deceased was the son of Jacob and Sarah Finney Abell and was born in this city October 27, 1891. His entire life had been spent in this city.

He learned the trade of bricklayer and plastering and followed that occupation until compelled to give it up because of failing health. He also was well known as a baseball player and was considered one of the best semi-professional players in this part of the state.

Besides his parents he is survived by the following brothers and sisters, Mrs. Charles Redding, Jacksonville, Mrs. Maggie Monahan, Springfield, Monroe Abell, Jacksonville, Edward Abell, St. Louis, Mo., Fannie Massey, Rose Abell, Jacksonville, Mrs. Ernest Hardin, Murrayville and Mrs. William Charlesworth, Arenzville.

Mr. Abell was a man of likeable nature and had many friends who will hear of his death with regret. He was a member of Brooklyn M. E. church.

The remains were removed to Gillham's undertaking parlors and prepared for burial. Friends wishing to view the remains may do so at the parlors until noon today.

Funeral services will be held from the residence Wednesday afternoon at 2:30 o'clock in charge of the Rev. A. A. Todd and the Rev. G. W. Randle. Burial will be in Diamond Grove cemetery.

**PURCHASES HOME.**

Frank B. Taylor has purchased the residence property of John Cherry at 118 Hardin avenue. The sale was made by C. O. Bayha.

## Spring Is Here

Are you going to paint this year? Did you ever stop to think what a coat of paint on your house or outbuilding would do for you?

It not only improves the looks of your buildings but it preserves the lumber from the weather.

Ho woften have you driven by a place that was nicely painted and you commented upon the thrifty appearance of the property.

And while the old saying is "That clothes do not make the man" but in these latter years we all acknowledge that a well dressed man makes the best headway in this world, and so it is with your property, if it is well kept you will find that you have a higher standing in your neighborhood and among your associates.

We would call your attention that we have a full line of standard paints and oils for the interior as well as the exterior. Also a full line of brushes and painters' supplies, as well as a complete line of hardware, harness and farming implements.

## Rheumatism Vanished

Centralia man suffered a long time from rheumatism. Natski Blood Purifier was recommended to him and produced wonderful results. His statement should be read by all rheumatic sufferers:

### FOR RHEUMATISM

I was laid up with rheumatism from May, 1918 to January, 1919. Could not be on my feet for the most of the time. From September to January I was past going at all. I tried many different kinds of medicine and other treatments all the time. Natski was recommended to me and I gave this medicine a trial. Three bottles put me on my feet again, and I have been working every day since. I can recommend Natski to be a splendid medicine for a sufferer of rheumatism, especially in the feet, legs and arms, if taken according to direction.

## It's Cheaper to Prevent Accidents

One accident may cost you more than ten Kobzy Signals. Some only mean a bent fender but others result more seriously. In any case there is delay and annoyance. Protect yourself.

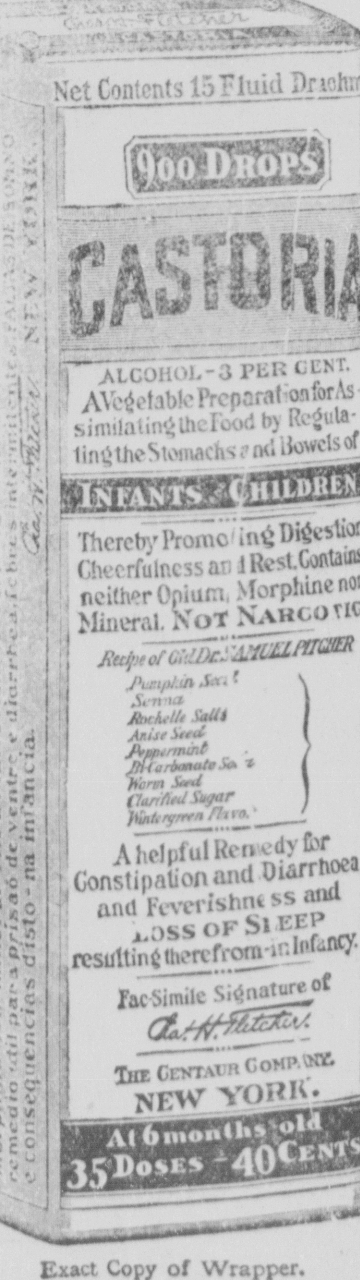

The Kobzy Signal is so easy to operate it soon becomes an instinctive part of driving. There are no push buttons to confuse you. The lever on the control box moves the way you want to go—to the right when you turn to the right—to the left when you turn to the left—down for "stop." As the lever must always pass through "neutral" before putting up another signal, the last one, if up, is automatically dropped. It is impossible to show two signals at one time.

Kobzy Signals are operating day and night on cars of every make, winter and summer. With ordinary care they will outlast the life of the car.

### COUNCIL TAKES ACTION FOR PARKING AUTOS

Will Prepare Lot Owned by Henry and Lester Reed on East Morgan Street—Many Other Matters Discussed.

Definite steps toward solving the problem of parking automobiles were taken by the city council at the regular meeting Monday evening.

Mayor Crabtree brought the matter up by presenting to the council a blue print prepared by Alderman Chapin. This blue print was of the Konrad lot on North Sandy street, the Stryker lot on South Main street and the lot on East Morgan street known as the Dodsforth lot and now owned by J. L. Henry and Lester Reed.

Forty-five cars can be parked on the Konrad lot. The Stryker lot will park 63 cars and the Henry and Reed lot 84 cars. The lot owned by Messrs. Henry and Reed was offered to the council free of charge.

The council voted to accept this generous offer and will proceed to place the lot in condition for parking as soon as weather conditions permit.

It is the hope of the council that other citizens may follow the example set by Messrs. Henry and Reed. The council also will take

the matter up with the Chamber of Commerce and see if that body can't arrange to assist in the problem.

Aside from this matter a number of communications were received and acted upon. The council also passed ordinances for sidewalks on East Michigan avenue and Wolcott street.

The Proceedings.

Roll call showed all members present. Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved.

A letter was read from W. C. Hurst, general manager of the C. P. & St. L. railroad relative to the bad condition of a sidewalk adjacent to the company's property in Illinois avenue. Mr. Hurst said the walk would have early attention.

A letter was read from S. P. Henderson, superintendent of the Chicago & Alton railroad. Mr. Henderson said the company would immediately repair its walks and driveways in East State street and East College avenue.

R. W. Woolston, manager of the Illinois School for the Blind, stated in a letter to Mayor Crabtree that the state would make an appropriation for a sidewalk along the west side of the institution in Brown street.

Acknowledgments from Mrs. C. B. Graft and daughter and from R. L. Pyatt and family expressing the appreciation of the flowers sent by the city council in their recent bereavement.

The clerk brought up the matter of a voucher issued to the Journal company in the sum of \$50 against the West Anna street sewer. There is no money in the Anna street sewer fund and the clerk was instructed to draw a warrant for the voucher from the contingent fund in order to close the account.

Claims against the city were presented and all those properly approved were ordered paid.

Requisition System Adopted. Mayor Crabtree called the attention of the aldermen to the value of the requisition system in the ordering of supplies. The

heads of the various departments were instructed to notify the respective heads of their departments to install the requisition system.

The council also discussed the matter of setting aside the first meeting of the month for the approval of claims. It was the sense of the body that claims would have preference over all other business at the first meeting of each month.

The matter of laying a sidewalk along the east side of Hardin avenue from Morton to Superior avenue was taken up. It was referred to the Highway committee with power to act.

The bond of James S. Hurst as park policeman in the sum of \$500 with Otis Hoffman and George W. Ferreira as sureties was presented and approved.

Ordinances for Sidewalks. Ordinances were read for the construction of sidewalks in East Wolcott street and East Michigan avenue were read and were adopted with emergency clauses attached.

The clerk called attention to the proposed salary ordinance. It was decided that the heads of each department confer with the Mayor and have the ordinance ready for the next meeting. There was some discussion of the proposed increases by the aldermen and the Mayor. Alderman Flynn took the position that the heads of the departments should not receive any greater increase than the other members of the departments under them.

Mayor Crabtree also told the council of his investigation of the telephones furnished to the city by the two companies. He said that each company furnished six free telephones.

Brings Up Parking Problem. The mayor also at this time presented the blue print of the vacant lots of Edward Konrad, Henry Stryker and Henry Reed. The lots will park approximately 200 cars.

Messrs. Henry and Reed offered their lot to the city free of charge if they would put in condition to park cars. The offer was accepted and the highway committee was instructed to proceed to place the lot in condition when weather permits.

White Talks Street Work. Superintendent of Streets White told the council that he had plans for work to be done on a number of streets as soon as weather permitted. Mr. White said cinders had been placed in East Morton avenue between the Hardin avenue pavement and the Mauvaisterre creek bridge.

In this connection Mr. White said the people should not expect too much from the city. There were 29 miles of paved streets and about that number of miles of sewer and 207 manholes to take care of. In addition to this there are about 37 miles of unpaved streets. It could easily be seen thought Mr. White that the highway committee had a big job on its hands.

Alderman Flynn asked if the city intended to do anything with East Independence avenue this spring. The alderman said that the water main peoples gardens along that street and that every automobile that tried to get thru the street got stuck.

No further business appearing the council on motion adjourned.

MISS MILLER AT MUSIC HALL. It has been more than seven years since Miller's last previous recital in Jacksonville, but the crowded and enthusiastic house that greeted her last night at Music Hall proved that she is "held in fond remembrance" by her many admirers. Old friends and new alike were most enthusiastic over the work of the evening.

The program was well chosen from the works of modern song writers, the opening number from the Old English Songs serving as a quaint introduction and a foil to the numbers that followed. They largely fitted into the spirit of the springtime and suggested fleecy clouds, bright flowers and summer rills and distant storms. Miss Miller's beautiful birdlike soprano voice never was heard to as good advantage in Jacksonville as yesterday evening. Her return to the musical circles of our city means much to the general public and to musicians.

Miss Marjorie Taylor, who has so acceptably appeared as accompanist at a number of Richmond recitals this year, added greatly to the success of the evening with the like sympathetic accompaniments.

Miss Miller added two encores playing her own accompaniments. They were: My Bilt.....Leo Come Down Laughing Stream.....Spross

There is a Difference in the Way the Liberty Rides and Drives

## Liberty Touring Car

The difference of the Liberty's riding and driving is not to be wondered at when one learns the steadfast quality of the car, which becomes more and more apparent as the miles roll up.

To this unmistakable worth, and also to the high order of designing displayed even in the very minor details, may be attributed qualities so divergent as the unusual comfort which the Liberty affords, and the uniform reasonableness in the cost of operation and upkeep. The car is one of the moderate weight in proportion to its size, amply powered, with a responsiveness and flexibility that are remarkable.

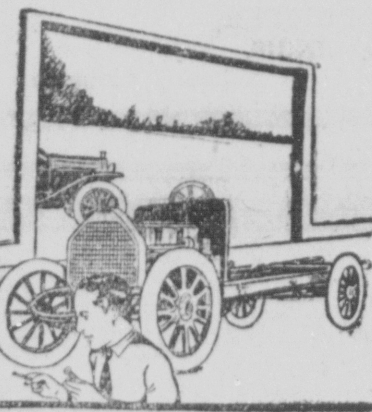

It is replete with features that have literally commanded the enthusiasm of Liberty owners. The upholstery is of genuine leather in the French pleated type, fitted over unexcelled special cushion springs. Plainly-marked side curtains are carried in a very accessible compartment back of the front seat. The steering wheel is of black walnut, properly corrugated around the inner surface. There are special top holders, horse-hair carpets in each compartment, a rear curtain light of beveled plate glass set in a heavily nickeled rim, and an equipment that is considered exceptionally complete.

### JACKSONVILLE'S POPULATION

The Chicago Banker in a recent issue devotes a column to discussing the population of various cities. Here is comment on Jacksonville:

"Jacksonville's population is 15,713, an increase of only 387 or 2.5 per cent. We believe that it is up to Mayor Crabtree to build up the city industrially so that the population of the city may be larger. Jacksonville has been a good city so long that the memory of man runneth not to the contrary. It has a wonderfully stable population, with wealth and culture and refinement in abundance. Jacksonville is primarily a city of homes, with home-owners in the majority by far.

## Why You Should Buy Guaranteed Roofing

When you buy roofing you want durability as well as shelter. You want to know that it will last long enough to make its average cost per year a reasonable figure.

That is why Certain-teed should appeal to you. For, when properly laid, Certain-teed Roofing is guaranteed for 5, 10 or 15 years, according to weight.

The guarantee adequately protects your investment, but it does not accurately measure Certain-teed's life. In fact no one knows just how durable Certain-teed is, because in no case has it

ever been known to wear out on the roof.

And Certain-teed is more than durable. It is weather-proof, fire-retarding and spark-proof. It effectively shelters your property.

With all these advantages, Certain-teed Roofing costs less to buy, less to lay and less to maintain, than any other type of good roofing.

See your dealer about Certain-teed. He either has it or can get it quickly from a nearby Certain-teed distributing center.

## HERMAN WEBER'S LONG LIFE COMES TO A CLOSE

Death of Long Time Merchant Came Sunday Morning—Funeral Will Be Held Wednesday.

Many people in Jacksonville and surrounding territory heard Sunday with genuine regret of the death of Herman Weber. The end came at 4:15 a. m. Sunday at Passavant hospital where Mr. Weber had been a patient for a short time, altho he had been in failing health for a number of months. Last fall he had an attack of influenza and had never fully recovered.

The deceased was born Nov. 12, 1854, in Baden, Germany, and when a lad of sixteen came to the U. S., and almost immediately to Morgan county. The industry and frugality which marked the later years of his life were dominant as a young man. He was for a time employed near Aremvill and then entered the service on the Jacksonville Gas Co.

Started Business in 1878. It was in 1878 that Mr. Weber began the grocery business on East State street in the room now occupied by the Watt candy store. From that time until comparatively recent months he was identified with the business life of Jacksonville and counted as one of the substantial merchants on the city. After being located for a number of years on East State street he removed to the east side of the public square, remaining there until 1893 when the Hockenhill building, now owned by Rabjohns & Reid, was completed.

Mr. Weber became the tenant of one of the East State street rooms in this building and there conducted an increasingly successful business until 1918. His sons had become associated with him in the business and as they were about to enter the army service and because of advancing years, he determined to retire. The Weber name has always been synonymous with integrity and fair dealing and when the store closed its doors it was after forty years of merchandizing successfully and honorably done.

The deceased became a naturalized citizen of America in 1878. While he always had great regard for the land of his birth, no American held deeper attachment than did he for the land of his adoption. He was ever loyal and patriotic and during the war period was unflinching in his support of government activities. He entered generously into each one of the war time campaigns fully in accordance with his ability.

While actively engaged in business, Mr. Weber found time to identify himself with the retail merchants and grocers association and for several years served as president of the organization. In this way he was identified with the state association of retail merchants and during his presidency the local association was active and efficient. He was a charter member of Jacksonville Turnverein and his interest in that society continued as long as it existed. The property on North Main street was sold some years ago to the late John Cherry and at that time Mr. Weber was one of the surviving charter members.

Long an Odd Fellow. The deceased was one of the most loyal among the Odd Fellows of Jacksonville and for almost forty years had held membership in Urania lodge No. 243 and in Ridgely encampment No. 9. Earnest and sincere in all of his characteristics Mr. Weber followed the high principles of Odd Fellowship in his every day life and his spirit furnished a fine example of the teachings of that order.

In later years he became a member also of No. 682 B. P. O. E., and was held in high esteem by the members of that order. The deceased was ever a public spirited citizen and after the town of South Jacksonville was organized he served several terms as president of the village board. He was progressive in his policies and he and his associates managed the affairs of the village in a way which made constantly for betterment. Mr. Weber had been an extensive traveler, visiting various parts of the U. S., and in 1913 made a trip to Europe to visit the home of his boyhood. He spent a number of months in travel in England, France, Italy and Germany and made an extended visit with his sisters who still live at the old home near Strasburg.

As a young man the deceased was married to Miss Mary Becker of Aremvill whose death occurred within a year. In November, 1886 he was married in this city to Miss Mollie E. Myers, who survives him, together with six children: Carl H., J. Cyers, Louis S., Anna H., Dorothy L., and Harry A. Weber.

Thru all the years Mr. Weber so ordered his life that he had the respect and good will of his fellow citizens. Genial and cheerful of disposition, he always took the hopeful outlook. He was charitable in his impulses and many are those who have been to him in time of need and can testify to his generosity as a helpful friend. So his going has brought to a close a useful life and he has left a record in which his family can rightly take pride. The remains were taken to the Reynolds mortuary and today will be removed to the residence, 1524 South Main street. Funeral services will be held there Wednesday afternoon at 2:30 o'clock in charge of Rev. M. L. Pontius and Urania lodge I. O. O. F. Interment will be in Diamond Grove cemetery.

## SKETCH OF PROPOSED I. C. LIBRARY BUILDING

Prof. Escher Makes Water Color Drawing of Proposed Addition to College—On Display at Ayers Bank.

Many people yesterday were admiring a sketch of the Illinois College campus which is on display in the Ayers National Bank. This is a water color of the campus with a suggested project for the new library building.

The drawing was made by Professor Escher of the Modern Languages Department of the college. It may seem odd for a modern languages professor to make such drawings but Professor Escher studied architecture in Vienna, Munich and at the Ecole des Beaux Arts at Paris. He has worked in the offices of such architects as Sergeant of Paris and Guy Lowell of Boston. Shortly before the war he completed a project for a civic center in Trieste, his native city, and offered it for his doctor's degree in the University at Vienna, but owing to the war the degree was not given. Professor Escher also studied painting under Sargent Kendall of the Yale Art School and C. W. Hawthorn at Provincetown, Mass.

ILLINOIS COLLEGE

Y. W. C. A. MEETING The Y. W. C. A. of Illinois College met in the chapel of the Jones building yesterday afternoon. Special music, consisting of a solo rendered by Mrs. Coddington and a violin solo by Eloise Capps, opened the meeting. After this there was the installation of new officers. A candle service was used as symbolic of the purpose of Y. W. The speeches of both the retiring and the new president were simply and impressively given. Mrs. Rammelkamp represented the advisory board in a short talk.

The girls then voted to send resolutions favoring the adoption of an amendment to the basis of membership for student associations of the national Y. W. C. A. The amendment would make it possible for girls not members of the Protestant Evangelical to be active members of Y. W. C. A. The association then adjourned to the museum where the advisory board served tea and where the girls enjoyed a delightful social hour.

The retiring president is Elaine Thiebaud. The new cabinet consists of: Mattie Reische, president; Rena Cheney, vice president and chairman of publicity committee; Alma Shuman, secretary; Grace Marshall, treasurer and chairman of the finance committee; Elaine Thiebaud, chairman, meetings committee; Hazel McCormick, chairman social committee; Marie Thomas, chairman missionary committee; Geneva Thomas, chairman membership committee; Irene Groves, chairman social service committee.

## GIVES SWITCHMEN'S VIEW OF WALKOUT

E. L. Le Roy Says Leaders Have Sanctioned So Many Delays Men Determined to Act—Propose a New Organization.

E. L. LeRoy, a switchman who has been in the employ of the Chesapeake & Ohio railroad, was in Jacksonville yesterday and spent some time with his relatives A. C. Smith and family of 339 Lurton street. Mr. LeRoy is now a member of the Chicago yardmen's association. He said yesterday that he would like to make a statement about the walk out of the switchmen so that the public might have some understanding of it from the view point of the workmen. He said:

"Some statements call us radicals but that is not the case. We have quit the old trainmen and switchmen's organization and entered into this new one for the purpose of correcting wrongs. We have been going along for a long period without any increase in wages, and finally became convinced that we could expect nothing thru our leaders, President Lee of the trainmen and President Heberling of the switchmen. These officers made us promise after promise without results. Six months ago President Wilson asked us to withdraw demands and give him a chance to reduce living costs. That has not been done and instead the cost of living has increased.

"We have been paid 62½¢ an hour for an eight hour day, and time and a half for overtime. We are asking for \$1 for foremen or conductors and 95¢ for helpers or switchmen. The per hour price we have been receiving has meant \$5 a day while carpenters have been receiving from \$8 to \$10 a day. In the cities teamsters draw \$6 to \$6.50 a day and Chicago is now trying to employ 10,000 street sweepers at higher wages than we have been paid. Nevertheless, switchmen must be trained in their work and protection of life and property depends upon the service they give.

"A year or two ago when passenger fares were increased on some roads 33 1-3 per cent and freight increases were also secured, switchmen were given an advance of 6¢ a day. In our new organization we provide that no officer shall receive a higher salary than he could earn as a worker in the ranks. Further, the organization uses the initiative and referendum plan and no settlement of any important matter will be left merely to the wishes of the officers.

"We are expecting to gain recognition for our demands, for while some reports indicate otherwise, I know from personal observation that on the Northwestern, Chicago, Milwaukee & St. Paul and Indiana Harbor Lines that very little freight is moving.

## REINSTATEMENT OF WAR RISK INSURANCE

Under a new and very liberal ruling of far-reaching importance to millions of former service men, issued by Director R. G. Cholmeley-Jones of the Bureau of War Risk Insurance with the approval of Secretary of the Treasury Carter Glass, War Risk (term) Insurance, regardless of how long it may have been lapsed or canceled, and regardless of how long the former service man may have been discharged, may be reinstated any time before July 1, 1920.

The only conditions are:  
(1) Two monthly premiums on the amount of insurance to be reinstated must accompany the application.

(2) The applicant must be in as good health as at the date of discharge, or at the expiration of the grace period, whichever is the later date, and so state in the application.

The new ruling is the most important liberalization of War Risk Insurance since the passage of the Sweet bill, and is designed for the special benefit of service men who failed to reinstate their insurance prior to the new law, and who have been discharged more than 18 months.

Ex-service men may still reinstate their lapsed term insurance at any time within 18 months following the month of discharge by complying with the same conditions. Within three months following the month of discharge reinstatement may be made by simply remitting two months' premiums without a formal application or statement as to health.

Reinstatement may also be made after 18 months following discharge, as follows: If the insurance has not been lapsed longer than three months, by complying with the conditions outlined in (1) and (2) above. From the fourth to the eleventh month, inclusive, after lapse, by complying with the same conditions, and in addition submitting a formal report of examination made by a reputable physician substantiating the statement of health to the satisfaction of the Director of the Bureau.

In announcing the new ruling, Director Cholmeley-Jones desires to emphasize the fact that War Risk (term) Insurance or U. S. Government (converted) Life Insurance may now be made payable to any of the following new and enlarged group of beneficiaries:

Life Insurance, now or at any time within five years after the formal termination adopted child, grandchild, brother, parent, grandparent, step-parent, wife (or husband) child (step-child, grandchild, brother, sister, half-brother, half-sister, parent through adoption, sister through adoption, uncle, aunt, nephew, niece, brother-in-law, sister-in-law, persons who have stood in the relation of a parent to the insured for a period of one year or more prior to his enlistment or induction, or the child or children of such person, parent, grandparent, step-parent, or parent through adoption of the insured's wife (or husband).

War Risk (term) Insurance may be converted into United States Government of the war by

proclamation of the President. United States Government (converted) Life Insurance, including Ordinary Life, Twenty Payment Life, Thirty Payment Life, Twenty Year Endowment, Thirty Year Endowment, at age 62, may now be paid in a lump sum at death, if such method of payment is designated by the insured.

Further information may be had at Red Cross Headquarters, Public Library.

# Jacksonville Precincts 7 and 8

You are advised that the Attorney General of this State has ruled that YOU MAY VOTE for a candidate for Precinct Committeeman BY WRITING IN the name of the person for whom you desire to vote.

## Section No. 46 of the Act of 1919, Provides as Follows:

"Any primary elector may, instead of voting for any candidate for nomination or for committeeman whose name is printed on the primary ballot, write in the name of any other person affiliated with such party as a candidate for the nomination for any office, or for committeeman, and indicate his choice of such candidate or committeeman by placing to the left of and opposite the name thus written a square and by placing in the square a cross (X). And at the primary at which precinct committeemen are to be elected he shall write at the bottom of his primary ballot, in the space provided for that purpose, the name of one primary elector of his precinct, member of and affiliated with his political party, for precinct committeeman. No squares need be placed in front of the names of persons so voted for, for precinct committeemen."

You also are advised that it is illegal to use stickers in voting for any candidate. You also are cautioned to not listen to the stories, in circulation, to the contrary of this opinion.

## DR. LOUIS HOLDEN GIVES FINE ADDRESS SUNDAY

Head of Millikin University Speaks in Behalf of Illinois College Campaign—Says College Is One of Choicest Assets of City.

The noon services at Grace M. E. church Sunday morning in behalf of the Illinois College campaign attracted a large audience showing in what high esteem that worthy institution is held among the people of the community and most deservedly so. The music with the large church choir was a prominent feature of the occasion and well received.

Rev. T. H. Tull, pastor of Grace Church, presided and called on Rev. E. B. Landis to read portions of scripture after which Rev. W. J. Collins was called on to offer prayer. A pleasant incident was an invitation by Dr. Rammelkamp to Dr. Harker to take a seat on the platform with the ministers representing the churches uniting in the services together with President Rammelkamp and the speaker of the day. As Dr. Harker ascended the platform he was cordially greeted by those present and especially so by Dr. Holden who was to deliver the principal address of the occasion.

**An Institution of Great Value**  
President Rammelkamp expressed his great appreciation of the interests manifested in the cause of Illinois college as demonstrated by the large audience present. He felt that the community was showing due interest in an institution which had been of so great value to the community. With highly complimentary remarks he presented Dr. Louis H. Holden, president of Millikin University at Decatur.

He remarked that the Decatur College and old Illinois had been strong competitors for athletic honors but the rivalry was friendly. He spoke of the fact that Dr. Holden had graduated from a small college and from Princeton theological seminary, had held many positions of importance and trust and was now at the head of an institution which would surely have a career of usefulness under the wise guidance of its head.

The distinguished speaker took for his text the words:

"And the glory which Thou Gavest Me Have I Given them." His theme was the great obligations devolving on those who have received much. He said in part:

**Studied Text for Years.**

For many years I studied that text in Our Lord's Prayer at the Last Supper but for a good while I failed to comprehend its full meaning. The Master had received from His Father all glory and honor and liberally did He bestow it on His followers. Years ago it was my privilege to visit Europe and as I wandered about among the many galleries of art I gazed with admiration and interest on the many portraits of Our Lord and I wondered where the artists received their inspiration.

When in Dresden I sought an interview with Hoffman whose portrait of the Master is so exquisite as he shows Him among the doctors in the temple and I asked him where he received the image which he had so wonderfully depicted on the canvas and he told me it was the features of his wife wrought into the portrait of the Divine Redeemer.

My mother had no children whom she endeavored to rear for lives of usefulness and good and when at the age of 81 years she received us all, some of whom were gray haired, she said she felt she had given us the best that was in her life and it has not been in vain.

**World Conquered By Love**

Our Master chose for His immediate followers twelve unlearned men yet thru the glory He gave them they were able, eleven of them, to turn the world over; to conquer King and potentates, not by force of arms but by the invisible force of love.

The glory of life is sacrifice. The apostles were humble men; they suffered the deaths of martyrs in most instances yet they were immortal crowns of glory. Who ever heard of a person making teaching a profession for the sake of gain? Instructors are the poorest paid people, not even excepting ministers. Only a short time ago, the janitor at our institution resigned to take a more profitable position. The instructors give the best of their lives for small remuneration; shall they not be sustained in their work?

When the princely gift of a technical institution by Andrew Carnegie to the city of Pittsburgh was being dedicated the speaker was eulogizing the generous benefactor when the latter interrupted him saying when he was called to make that gift he resented the request and being hard persuaded handed out the ten millions against his will but he was thankful he had been induced to do so.

Illinois College is one of the choicest assets of the city of Jacksonville. I visited the campus and walked about its beauties and was charmed with its attractions. It is a noble property and one which cannot be overestimated. Do you have any idea of what the beginning cost? Such men as Beecher, Sturtevant, Baldwin, Adams, Turner, Post and others who might be mentioned.

Think of the sacrifices they made; the brilliant careers they gave up that they might plant seeds of learning where so much needed. Their life work they gave to this community and shall the debt go unappreciated? From Illinois College have gone forth to bless the world 3,500 persons, many of them to great careers of usefulness. Their value to the community can hardly be estimated and this is the gift of the founders of the College.

The College has paid back many times all that it has ever received from the people of this vicinity and now they have an opportunity to show their appreciation of the great gift to them. The cause is noble and well worth the best efforts of every one.

## HEADACHE

Caused by

## Acid-Stomach

Yes, indeed, more often than you think, because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repeating, bloating and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding, splitting headaches are, therefore, of frequent occurrence as a result of this up set condition.

Take EATONIC. It quickly banishes acid-stomach with its sour blast, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, dizziness of the liver, heart trouble, ulcers, and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid stomach.

In EATONIC you will find the very help you need and it's guaranteed. So get a big box from your druggist today. It fails to please you, return it and he will refund your money.

A Green Seal Battery is one which is shipped to us from the factory with the elements never having been wet or charged. The spacers are so made that it is impossible for us to use them, so that we are required to take new spacers from our stock and build the battery, here in our well-equipped shop. When we have built it up it is ready for the electrolyte and its proper charge. When you get it it is absolutely NEW, not only from the factory, but from here.

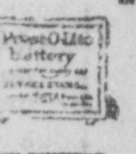

You know that when you buy a Prest-O-Lite Green Seal Battery you are getting something for your money; a battery that has not been on the shelf, deteriorating, either at the factory or here; it is new.

If you are in need of a Battery, come in and we will be pleased to go further into detail, to your utmost satisfaction.

If you have never called on us, we wish to tell you our shop is at 218 South Main and we have both phones.

## Said Theodore ROOSEVELT:

"EVEN men who are not professionally religious must, if they are frank, admit that no community permanently prospers, either morally or materially, unless the church is a real and vital element in the community life."

Put a church in a town and all real estate values increase.

Put a church in a town and it becomes at once a center of inspiration for better schools, better politics and general community improvement.

Put a church in a town and you insure a community where law and order reign, where the personal and property rights of men and women are respected, where children grow up trained in the ideals that have made America great.

Kill the church and you kill the Voice that is constantly calling men to more unselfish living.

Kill the church and you cut the nerve of your hospitals, your colleges, your civic organizations and even of respect for government itself.

INDICATIONS POINT TO  
BIG VOTE FOR LOWDEN

Sentiment in City and Country  
Strong for the Governor—  
Booster Meeting Held Monday  
Afternoon.

All that is needed to give Gov. Lowden a big majority in Morgan county today is to get out the vote. That was the consensus of opinion at an informal meeting held at the court house Monday afternoon at 4 o'clock with W. L. Alexander presiding. Mr. Alexander has long been an enthusiastic Lowden supporter and he is very much interested in the present campaign. Among those who spoke briefly yesterday, in addition to the chairman, were Judge H. P. Samuel, Mrs. Lillian I. Danks, Rev. H. H. DeWitt, O. Conklin, Mrs. J. J. Reeve, Mrs. W. L. Alexander, Vincent Riley, Carl E. Robinson, Grant Graft and W. Barr Brown.

All the speakers made it clear that they thoroughly believe in the Lowden candidacy and are sure that there will be satisfactory Lowden totals when the returns come in today if only the people get to the polls and express their sentiments.

It is realized that the country roads are now in very bad condition and that fact will interfere with the vote in the country, where Gov. Lowden is very strong. To offset this shortage it is essential that the Lowden people in the cities must get to the polls.

In a party primary there is not the organization for polling and checking that has its place in a regular election. A candidate must depend upon his own popularity and the interest shown by his friends. This means that there is not the definite organization work behind a candidate in the primary to the same extent that is true at a regular election. There is no question about Gov. Lowden's sentiment in this county, no question about the high regard in which his administration is held, and it only remains for the people to give emphasis to their good opinion at the polls.

STOMACH ULCERS GONE  
SUFFERED 16 YEARS

Says his stomach is perfect now,  
and his weight has increased.

"I had ulcers of the stomach so bad that I was sent to the hospital. Treatment there finally got me on my feet, but in a few days I was down again. You said you wouldn't guarantee Milks Emulsion to cure a bad case of ulcers of the stomach, but I tried it anyway. If it does the work for others as it did for me, you ought not to be backward about any case of stomach ulcers. I have now taken twelve bottles and my stomach is in perfect condition. I feel better and weigh more than I have for 16 years, and I have no stomach trouble all of that time."—L. S. Walker, Greenleaf, Kan.

Thousands of people who have suffered agony from chronic stomach trouble in its worst forms, have been promptly relieved and soon restored to perfect health by Milks Emulsion. A trial will show, and a trial costs nothing.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

CANTATA GIVEN AT  
CONGREGATIONAL CHURCH

The services at the Congregational church Sunday were well attended and all present were much pleased with the program. Rev. W. E. Collins delivered an earnest discourse on the soul of the nation, setting forth truths which will long be remembered. This was followed by the beau-

tiful cantata, "The Resurrection" most ably rendered by the church choir under the leadership of Mrs. Gregory. Mrs. W. G. Goebel played the accompaniments on the organ in an accomplished manner and the soloists, Mrs. Gregory, Messrs. B. F. Lane and Clifford Carlson, all did admirably. The effort of the young people was highly commended by all present.

## This Really Happened

"Hi, there! Can you give me a hand?" shouted a well known farmer to a man who was driving along a road by the field where the farmer was seeding wheat.

The man got out of his car and jumping the fence plunged through the soft, wet, black earth to the farmer's side. He found him engaged in a desperate effort to get one of his horses to its feet. There had been many days of heavy rain, and the field—plowed, harrowed and ready for seeding—was so soft that one of the horses had mired.

However, it was not long before the combined efforts of the two men got the horse out. But the animal lifted a hind foot in a nervous way and the farmer, running a gentle hand along the leg, found that it had been rather badly strained.

"Isn't that tough luck!" he exclaimed. "Here I've just started seeding—I'm late now—and this ties me up. Can't get horses through this mud, and a hundred acres yet to seed. That's a clean loss of over three thousand dollars."

"Whole hundred acres soft like this?" asked the other man, with a glance across the field.

"Pretty much the same. Horses have a hard job to get along most anywhere. Feet just go right down," replied the farmer.

"Suppose I show you how to seed your hundred acres without horses, and save you that three thousand dollars. What would you say?"

"You're not joking are you?" Name your price!" And there were tears in the farmer's eyes at the prospect of relief from what looked like a serious loss.

"Tomorrow morning I'll send you a tractor that will handle this job."

"How do you expect a tractor to work where horses can't?" asked the farmer.

"Well, if it doesn't work, I'll take the tractor back and it won't cost you a cent," said the other.

Well! It happened. The next morning a Wallis Tractor arrived and was put on the job. The 100 acres were seeded in a few days. For the Wallis with its light weight and reserve power pulled the seeder over

ground where horses couldn't go—and the farmer was surprised how easily he managed it and how little it cost to run.

In fact he saved so much time that he plowed up and seeded an extra "40" he had not thought he would be able to get into crop that year.

And at threshing time the "40" turned in 20 bushels to the acre—800 bushels of wheat—which he sold for enough to pay cash in full for his Wallis Tractor. So his tractor cost him nothing, for his first crop increase paid for it.

The horses on that farm now have an easy time, for the Wallis does all the plowing, harrowing, drilling and other field work, besides all kinds of belt jobs, such as threshing, silo filling, wood cutting, pumping water, grinding feed and many others.

"Now if I could just teach her to pick apples and hunt eggs she'd run the whole place," chuckled the delighted owner to an inquiring neighbor.

The above story is based on facts received from an enthusiastic Wallis Tractor owner.

## Who Should Be President of the United States?

**YOU** as a good American and as a voter at the Preference Primary Tuesday, April 13, have a right to know the life record and career of the man for whom you cast your vote. You have the right to read the story for yourself, stripped of embellishment, and draw your own conclusions.

Here is the story of Leonard Wood—the things he has done—which make him the one outstanding candidate for President of the United States:

Born October 6, 1860; Winchester, New Hampshire. Lived in boyhood on bleak Cape Cod, Massachusetts. Graduated from Harvard Medical School, 1884.

Worked among poor of Boston as hospital physician.

Appointed army surgeon in 1885, served a few days in Boston and was transferred to Mexican border on his request "for action."

Fought for many months the savage Apache, who harried the border and successfully blocked the approach of civilization. Years later awarded Congressional medal of honor for his heroism in the Indian warfare.

In 1883 he surveyed Arizona under General Miles. Ordered back to active service on border for a few months. Made staff surgeon in 1889; stationed at Los Angeles.

Married in 1890 to Miss Louise A. Condit Smith, niece of Justice Field of the U. S. Supreme Court. Sent to Washington in 1895 as assistant attending surgeon and served under Cleveland and McKinley.

Organized Rough Riders in 1898; made Colonel with Theodore Roosevelt as Lieutenant Colonel. Led his troops in first battle at Las Guasimas, June 24, 1898. Captured Santiago, July 17, and was promoted for valor to Brigadier General. Made military governor of Santiago, July 20, and turned city from pest house to modern municipality.

President McKinley appointed him Governor General of Cuba, with rank of Major General in December, 1899. In next three years he brought Cuba out of darkness and established it as a modern, law-abiding, self-governing nation.

Sent by Roosevelt to Germany in 1902 as military observer.

Appointed governor of the savage Moro province in the Philippines in 1903 by President Roosevelt.

Went with his men to the front lines, fought fanatic tribesmen, established government and civilization, and in three years redeemed another "lost land."

Made commander-in-chief of the American forces in the Philippines in 1905. In 1908 transferred to the United States and made commander of the department of the East.

Sent as special ambassador to Argentine Republic.

Four years headed American military force as chief of staff.

In 1914 again made commander of the department of the East.

Became premier leader in preparedness in the United States by establishing training camps in 1914, 1915 and 1916.

Thousands of men trained under his direction to become officers on call. His request for overseas duty in April, 1917, was refused and he was transferred to command the south-eastern department.

Selected and laid out eleven large training camps and supervised three officers' training camps.

August 26 began training of crack 89th Division at Camp Funston, Kan. Sent to Europe in December as military observer.

Wounded by bursting gun; weeks in hospital.

Returned and resumed command of 89th division April 12, 1918. 89th went overseas; Wood ordered to return to Funston and start training 10th division.

Made commander of Central Department and organized forces to care for returning soldiers throughout the central states and now lives in Illinois.

This is the record of a real man—a man who has done big things and who deserves your support when you go to the polls on Tuesday, April 13, to let the country know who you think ought to be President of the United States.

## Leonard Wood for President

**YOU'RE** going to vote for somebody for President, somebody whose record for great deeds convinces you that "this is the man who ought to be President."

Back of all this stands your right to speak for yourself, for your own interests, your own ideas and your own principles; and you will do your duty when you vote for the man who stands for the things you stand for. Your interests are the interests of the country. Vote for them.

Your ideas are as good as any man's—vote for them.

Vote for the man whose record shows that he is with you, and for you, in support of the same things that you are for.

**ON** this page you will find the record of Leonard Wood and what he has done in his career that shows you who he is, his character, his personality, his unfaltering courage, his unyielding stand for good government and clean principles, his sound Americanism—proved by his deeds and great constructive work as an administrator and statesman. Cuba proves it. The Philippines prove it. His work for preparedness and the great training camp system throughout the war—all prove it.

We, who are his friends want you to know the truth.

**THIS** page is published so you may read for yourself the record of Leonard Wood; know the man as he is—and think for yourself which way you should vote when you stand alone in the booth of your polling place tomorrow, April 13th, at the Illinois Preference Primary.

Leonard Wood stands for just exactly what you stand for. He stands for the farmer, and the worker, and the business man. He stands for Uncle Sam. He stands for courage and plain honesty. He stands for YOU. And for these reasons alone, remember, that when you vote for Leonard Wood you're voting for YOURSELF.

## Your Vote for Leonard Wood is a Vote for Yourself

**NO** primary in the history of Illinois has meant so much to the average man in this state. The "Favorite Son" idea and blind partisanship should have nothing to do with this question. It is beyond that; more than that.

You want the man whose character and abilities have been proved in the actual conduct of great national and international affairs; not merely tried in the problems of any one state. This is the one time of all others when an outstanding national figure should be selected—Leonard Wood is the man.

And here are the reasons:

1 He is an American—100 per cent. He has given his life to the service of Uncle Sam. He knows the people of the U. S. and its possessions abroad. No man has had greater experience or shown better judgment.

2 He is a man of deeds, not words. He redeemed Cuba. His work in the Philippines, in the Plattsburgh camps, and in launching America's national program of preparedness are monuments to his constructive genius and ability.

3 He is a judge of men. He won the friendship of such men as McKinley and Roosevelt. He selected the man that wiped out yellow fever. He found Olcott, Dodge and Van Horn to establish Cuba's railways; and Hanna and Frye to build up its school system.

4 He is an authority on international affairs. He knows every corner in the world, its people, customs and beliefs.

5 He has had wider and more diverse administrative experience than any other man in public life today who is a candidate for the Presidency.

6 He is a champion of law and order; a peace maker. He has stood and now stands for equal justice for the public, employee and employer. His manly firmness, decision and prompt action pacified Moroland, restored order in Cuba, and saved Chicago from disorder in the steel and coal crisis.

7 He has to his credit an unbroken record of success.

8 He is equipped in the highest sense for the nation's highest office. He has courage, strength and vigor. He is unbiased. He is morally, mentally and physically fit. He knows what he wants to do, and then does it. He represents no state or section. He stands for all of us—a man of the people.

"He has shown himself one of the most useful and patriotic of American public servants, and has made all good Americans his debtor by what he has done."—Roosevelt, in *Everybody's Magazine*.

"Wood's work in Cuba was never paralleled."—Elihu Root.

"A man's future ability to serve his nation can best be estimated by the number and magnitude of the practical results he has actually achieved in the past. Leonard Wood's record is flawless. He has ever been a true prophet in all matters pertaining to the political and military welfare of his native land, its allies and its dependencies. He has never had to make excuses, for although the administrative tasks allotted to him have been vast in scope, he has never in any one of them fallen short of exceptional success."—Biography of Leonard Wood.

"He did the kind of governmental work which should be the undying honor of our people forever."—Roosevelt, *Addresses and Presidential Messages*.

"The higher the position to which he [Leonard Wood] may be appointed, the greater will be his value."—General Lawton.

"I know of no chapter in American history more satisfactory than that which will record the conduct of the military government of Cuba. The credit of it is due, first, to Brig-Gen. Leonard Wood, commander of the Department of Santiago until December, 1899, and thenceforth the military governor of the island."—Elihu Root, Secretary of War, December 1, 1902.

## Daily Market Report

## STOCK MARKET

## AGAIN IRREGULAR

(By Associated Press.)  
NEW YORK, April 12.—The railroad strike and another flurry in money markets against the constructive side of today's stock market, although it did not entirely restrain pools from extending their bullish commitments in certain speculative issues.

Advances from western points that rail disturbances were becoming more serious were accompanied by reports that production at some important mill plants had been cut almost in half, due to scarcity of fuel.

Foreign exchange was another disquieting influence, further acute depression in French, Italian and Belgian remittances forcing rates on those securities to new levels of discount while the British rate also reacted.

Call loans opened at six percent, as compared with last week's final quotation of 10 but soon rose to 8 and repeated the recent maximum before the close of the session. Stocks at the outset rallied indifferently at midday.

Stocks ground again at the end. Sales amounted to 1,175,000 shares.

A few issues, notably food stocks retained part of their rise but otherwise the reaction carried many shares under last week's final prices.

There was much unsettlement in the bond market resulting mainly from heavy selling of liberty issues. Of this group the second fourths and second thirds and fourth 4s established lowest quotations yet recorded. Investment railroad and industrial bonds also reacted sharply.

Total sales (par value) aggregated \$13,875,000.

## CORN UNDERGOES SHARP SETBACK

(By The Associated Press.)  
CHICAGO, April 12.—Corn prices underwent a sharp setback at one time today as a result of opinions current in some quarters that the end of the railway strike was at hand. The market closed nervous at the same as Saturday's finish to 1 1/2c lower, with a \$1.67 to \$1.67 1/2 and July \$1.59 to \$1.60. Oats lost 1/4c to 1 1/2c. In provisions the outcome varied from 17c decline to 15c advance.

At first the corn market showed a decided tendency to climb. Receipts were scanty and a majority of traders leaned to the view that demoralized traffic conditions would for the time being prevent any accumulation of stocks. Price bulges that ensued reached in some cases the highest level yet this season. Then, however, word came that President Wilson would appoint a labor board within 24 hours and that vigorous action would be taken to stop interference with the mails. Receipts of traders selling followed and prices dropped suddenly. Nevertheless, a good deal of rallying power again developed in the last half hour of the session.

Oats weakened with corn after jumping to new high record figures for the crop. Provisions were governed chiefly by the action of grain. The principal declines took place in lard.

ELECTION TUESDAY, APRIL 13

### SHOW INTEREST IN SCHOOL BOARD AFFAIRS

Election Will Be Held Next Saturday—Mrs. Mary E. Pierson Will Ask Friends to Write Name on Ballot.

While the principal interest today will center about the primary election to be held in all the 41 precincts of Morgan county, people are looking forward to the board of education election to be held in Jacksonville next Saturday. The last general assembly made a change in the law and it is necessary in order to have a place on the ballot for the candidate to file a petition with the clerk 20 days in advance of the election. The law used to be 10 days.

It was because she was not familiar with this change in the law that Mrs. Mary A. Pierson, who is at present a member of the board, failed to file a petition. However, she is a candidate for re-election and is asking her friends to write her name on the ballot and to place a cross in the square to the left of the name.

Mrs. Pierson is conducting a quiet campaign with the slogan, "Do you want a woman on the board?" She feels that women of the city do want direct representation on the board and so has become a candidate to offer them that opportunity. Since she has been a member of the board, Mrs. Pierson has served as secretary. For about three years her salary was \$25 a month and for the remainder of the time it has been \$27.50. Mrs. Parker, who is now a member of the board, is not a candidate for re-election.

Julian P. Lippincott, who has been president of the board since it was re-organized, under the present plan, did not file a petition and his name will not appear upon the ballot. In fact, the ballot will not show the printed name of any candidate for the presidency and those who favor Mr. Lippincott's return to the board will write in his name "Julian P. Lippincott" and place a cross in the square at the left. The only names to appear in printed form on the ballot will be H. L. Caldwell, Thomas P. Hopper and Charles Fiedler, all of whom filed petitions within the twenty days' period.

### NOTICE TO OWNERS OF DOGS

The law now provides that the owners of dogs shall pay to the county assessor at the time of the annual assessment \$1 for each male dog and \$3 for each female dog owned. Please be prepared to comply with the law's requirement when the assessor calls.

## Announcement No. 5

### Our Buying Power

In 1919 we sold for cash about thirty million dollars worth of merchandise. We know it needs very little explanation to convince people that such a purchasing power is sure to entitle us to lowest cost prices. In addition to quantity purchases we do, by our centralized buying organization, almost entirely eliminate the middlemen's profits that generally constitute part of the cost in the usual one-store-only buying. What we save in buying is passed along to our customers. That fact in itself is a very good reason why we constantly sell at such low prices.

### We Never Have "Sales"

With a J. C. Penney Company store near you—there is no need nor wisdom in waiting for "Special Sales" to buy at lowest prices.

We never hold "Sales" or "Cut Price Events." Sales are either a disposal of undesirable merchandise or else the prices have been marked too high at first so as to stand a "Mark Down" at the end of the season. THINK IT OVER! WHO pays the big profits when "Sales" methods are used?

You can buy from us at the beginning of the season, when goods are the newest, at prices as low as the so-called "After Season-Clearance-Sales."

Surely then you will welcome this store where you can buy what you want—when you want it—at a price you are very willing to pay.
